Dear Mr. [REDACTED]:

With reference to your letter of 10 February 1954, same subject, recommendations contained therein are approved on the assumption that no additional cost is involved. A statement to this effect should be obtained from the Contractor prior to issuance by this Office of the necessary change order.

If in your opinion a credit claim may be warranted, a breakdown of relative costs of the work in accordance with original and proposed manner of execution should be submitted for inclusion in the change order.

Very truly yours,

25X1A9a
